Corporate Profile

Hirsh Industries, LLC manufactures and supplies metal filing, storage, and organizational products for personal and commercial use. Hirsh has had an aggressive growth strategy through investment and expansion both organically as well as through acquisitions. Hirsh's expanding portfolio of value engineered products have applications in government, education, and business markets. Current product categories include commercial grade vertical, lateral, and pedestal files, desks, small office/home office file cabinets, and bookcases, free-standing shelving units, and storage cabinets. At Hirsh we have a storage solution for every office and business need. Hirsh prides itself on providing quality products that represent outstanding value to end-users, supply chain excellence, and world class customer service.

HISTORY

Hirsh Industries has operated continuously since 1924 when it began as the W. P. Johnson Company which specialized in metal fabrication. Eventually W. P. Johnson narrowed its focus to making steel filing cabinets. In 1989 the company changed its name to SteelWorks and continued to grow as the leader in filing products, primarily for home use. In 1999 the company took on the name Hirsh Industries as the primary product lines expanded to include commercial grade filing and commercial / industrial grade shelving items, along with a broader assortment of small office/home office file cabinets.

COMMERCIAL GRADE FILE CABINETS

Hirsh's commercial grade filing products offer premium features and unmatched value. With added functionality and ergonomic design these cabinets are welcome additions to any office. All of our cabinets are built of steel, and feature ball-bearing slides providing a long-lasting and durable product made for high volume, daily use. Hirsh's broad line of file cabinets include vertical, lateral, and pedestal files. Affordable prices make all of these filing products a great value and smart choice.

CREDENZA CABINETS

For small or large offices, the combination of our credenza cabinets offer a variety of open and closed configurations that support accessible and secured storage solutions. The credenza cabinets can be used as stand-alone pieces or they can be grouped together with open desk systems to create virtually unlimited configurations. Seat cushions are available to double their use as seating for impromptu meetings. These filing products are a great value and smart choice.

DESKS

Hirsh provides a full line of premium open desks, pedestal desks and modular desks with multiple configuration options. The HL10000® series pedestal desk is a durable solution for long-term heavy use. Available in single and double pedestal. Our metal desk is a professional solution for business, government, and school administrative offices and classrooms. The Hirsh modular desk is a flexible, freestanding desk solution that offers multiple arrangement options to fit an array of workspace needs. The modular desk system includes desk, credenza, return, bridge, and stack-on hutch.

STEEL SHELVING

Hirsh offers a full line of steel and wood shelving with a range of designs suitable for home or office use. Perfect for back office storage and break rooms. Shelving units are available in a wide range of load capacities and dimensions.

STORAGE CABINETS AND BOOKCASES

Hirsh's storage cabinets support a variety of storage solutions for various markets including business, industrial, education, hospitality and healthcare. The fully welded steel construction makes them a durable, long-lasting solution. Hirsh Bookcases are a space-efficient, flexible storage solution designed to coordinate in any office environment.

Freight Damage Claims

Hirsh Industries' terms are FOB Destination. Hirsh Industries is not responsible for damage that occurs in transit. All Hirsh Industries' products are carefully inspected prior to shipment. The carrier signs for all goods received in apparent good order. It is the buyer's responsibility to inspect goods upon receipt for both apparent and concealed damage. In the instance that damage is found, we ask the purchaser to **refuse the damaged portion of the shipment**. In the case of documented shipping damage, Hirsh Industries will file a claim with the carrier and issue at no charge any replacement parts or products only if the purchaser meets the following conditions:

- Product is shipped via the Hirsh Industries designated carrier
- Retain packaging
- Inspect the shipment and document damage on the bill of lading
- Contact Hirsh Industries Customer Service immediately upon discovery and documentation of damage

Failure of purchaser to meet these conditions will prevent Hirsh Industries from obtaining carrier reimbursement and thereby require us to charge full price for product replacement. In the case of concealed damage (damage discovered after acceptance with no bill of lading documentation), Hirsh Industries should be notified immediately upon discovery by calling 1-800-383-7414. Please retain all packaging to allow carrier to inspect. Hirsh Industries liability ceases 15 calendar days after receipt of shipment. Hirsh Industries will investigate on a case-by-case basis and assumes no liability beyond the stated 15 calendar days. If the purchaser specifies their own carrier, they assume full responsibility for any freight claims and replacement orders will be sent out at a charge. The purchaser may make NO deductions under any circumstances ensuing from freight claims when settling invoices with Hirsh Industries.

Claim Policy

It is the purchaser's responsibility to examine goods upon receipt and to notify Hirsh Industries Customer Service with any concerns. Any claims against Hirsh Industries for apparent defects, errors, or shortages must be made by the purchaser within 15 calendar days after delivery. Each color selection is broken down into three tiers and new colors will be added on an on-going basis. 10 piece minimum order, per color, with 3-4 week lead time from receipt and acknowledgment of order.

Full list of current colors is available for viewing on the Hirsh website. Call 800-383-7414 for non-listed color opportunities or special pricing on volume opportunities.
